Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 22 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A chilly night. Mostly sunny tomorrow.

This Evening and Tonight:
A dry night with clear skies across much of Wales, although some high cloud spilling across northern Wales through the small hours. Turning chilly under clear skies with some patchy mist forming in prone areas by dawn. Minimum temperature 3 deg C (37 deg F).

Wednesday:
Turning increasingly cloudy from the northwest with some patchy light rain or drizzle affecting western hills and coasts. The best of the sunny spells in the east. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
A damp start on Thursday, drier in the afternoon before rain moves in overnight. Rain clears on Friday to clearer skies as well as a few showers. Showers on Saturday.
